About us

We are **Joice and Diego**,
photographers and
storytellers.

For us, every click is a stroke of visual
poetry that captures life's most
precious moments. **We believe in
authenticity, in the beauty of being
yourself, in spontaneity, in the
tenderness of gestures, and in the
passion that flows between each
glance.**

Our passion ranges from destination
weddings, where the world becomes
a perfect canvas for your love, to
local weddings, **where the
closeness of your loved ones
becomes the stage for this fairy
tale.** Intimate weddings and
engagements are like little jewels,
full of feelings and details that
deserve to be delicately and
artistically captured.

**Dreaming of an intimate
wedding in a magical corner of
the world?** We can be your
accomplices in the search for
dreamy settings: **golden sunsets,
whispering forests, singing
waterfalls, golden sandy
beaches, or magical rain in the
midst of a tropical forest.**

Let your
dreams turn
into images,
and together,
let's create a
legacy of love.
